

IMPORTANT NOTICE - Change to procedure for pre-booked appointments

CORONAVIRUS

Please read carefully and SHARE widely within our community.

In line with Government advice to help slow and delay the spread of Coronavirus (COVID-19) infection, from Today ALL of our appointments will be by TELEPHONE 📞

If you already have a booked GP appointment DO NOT ATTEND the surgery as we will call you.

If you need urgent medical advice, about Coronavirus (COVID-19) or otherwise, Please TELEPHONE 📞 - DO NOT attend the surgery unless specifically asked to do so by the doctor you speak to. This is for your own safety as well as our staff.

If you feel ill with a temperature, cough or cold symptoms then please stay at home. Self-isolation guidance is available on website www.nhsinform.scot

We will contact you if we need to re-arrange your Nurse Appointment or Blood test.

Chronic disease annual review appointments will be postponed until a safer time. Elderly people and those with conditions such as heart disease and diabetes etc should stay at home away from the risk of infection.

Please where possible order prescriptions on-line, or post your order at our prescription box in reception. Only order when your medications are due. There is no need to stockpile.

For infection control reasons during the current outbreak we have temporarily made our Surgery Blood Pressure POD unavailable for use.

Thank you

We will endeavour to continue to keep you updated as the situation progresses.
